A MARVELLOUS REMEDY

For a Marvellous Age!!

HOLLOWAY'S OINTMENT!!

The Grand External Remedy.

By the aid of a microscope we see millions of little openings on the surface of our bodies—through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the kidneys, Disorders of the Liver, affections of the Heart, inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes through bone or meat of any thickness—this healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas, Salt Rheum, and Scorbutic Humors.

No remedy has ever done so much for the cure of diseases of the skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Head, Scrofula, or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of ulcers, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, despatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Piles	Sprains	
Burns,	Rheumatism	Scalds	
Chapped Hands	Salt Rheum	Sore Throats	
Chilblains	Sore Breasts	Sore Heads	
Fistulas	Sore Legs	Sore Nipples	
Gout	Sore Mouths	Wounds of all kinds.	
Lumbago	Sore Throats		
Mercurial Eruptions	Sores of all kinds		

*,*Sold at the Manufactories of Professor Holloway, 80 Maiden Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world, in Pots, at 25 cts, 62½ cents, and $1 each.

☞There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

COUNTY LAND.

COUNTY LANDS.

IMPORTANT NOTICE TO

SOLDIERS, SEAMEN,

AND THEIR

Widows and Minor Children.

A BILL has passed both Houses of Congress, granting Bounty Lands to the following classes of persons, viz:

One hundred and sixty acres to all who have SERVED FOURTEEN DAYS IN ANY WAR of the United States, provided they have not received land.

One hundred and twenty acres to all who have served and have received 40 acres.

Eighty acres to all who have served and have received 80 acres.

And if the soldier has deceased without obtaining 160 acres, the same allowance as above is made to his Widow, or if no Widow, to his Minor Children.

Service in the Revolution—in the War of 1812—and in all the Indian Wars, is provided for by said Act.

And, all who served the above period in the drafted Militia of the State of Maine in the year 1839, in what is known as the

ARCOSTOOK WAR,

Are entitled to its benefits. Also the Militia called out by State Authority, and who served the above period, and whose services have been paid for by the United States, and their Widows, and Minor Children.

The subscriber is prepared to receive and prosecute all claims arising under said Act, with promptness and despatch, and upon as reasonable terms as other Agents.

He has many Military Rolls and Copies in his possession, and especially very full ones of the Militia Drafted for the Arcostook service in 1839.

As independents to commit claims to his charge, he vent ures to rely upon his long and well known experience and success in those of a similar nature.

Be well, if preferred, Purchase the Land Warrants at fair rates.

Application may be made to him at his Office, or if requested by letter, he will send to claimants Declarations, with suitable directions, which may be executed without the parties leaving their homes.

To secure the receipt of a Warrant early, apply early.

BOUNTY LAND!

B. H. MACE,

Counsellor and Attorney at Law,

WOULD give notice that he is prepared to prosecute all claims to BOUNTY LAND under a recent act of Congress, granting 160 acres to all who have served 14 DAYS in any war since 1790.

Those who have received 40 acres are entitled to 120; those who have received 80 acres are entitled to 83 more. The Aroostook Soldiers (Militia) are included in the above provisions. Widows or minor children of deceased soldiers, are also entitled.

☞Mr. H. having procured many Warrants under the former Acts, and being in possession of the Rolls, feels confident that he can give entire satisfaction to all who may place their claims in his hands.

☞No charge unless successful, and the highest market price PAID to those who wish to sell. *Office at Baldwin's Block, West Market Square next door to A. T. Paine's office.*

More Bounty Lands.

BY the Act of Congress passed March 3, 1855, all Officers, Soldiers, and Seamen who have served FOURTEEN DAYS in any war of the United States since 1775, are entitled to 160 acres of land, if they have not received it. Those who have received 40 or 80 acres, are now entitled to enough more to make up the 160. Those who have received 160 acres are not entitled to any more. The benefit of this Act extends to the widow and minor children of the soldier, but to no other heirs. Those who have been engaged in BATTLE are entitled to 160 acres, without regard to the period of their service.

Persons having claims under this or any other Act, will have them promptly attended to by calling or writing to, A. L. RICHARDSON & CO., 11 Railroad Exchange, Court Square, Boston, who pay cash for warrants.

N. B.—We have faithful and experienced agents in Washington, and we make no charge in any case, unless we obtain the land.

O. W. STONE'S

LIQUID CATHARTIC

—AND—

FAMILY PHYSIC,

The most important discovery ever made in Medical Science, being a compound of Herbs and Roots, which forms the most powerful, safe, and agreeable physic ever offered to the public.

THE necessity of such a medicine has long been felt both by the heads of families and physicians. It supersedes over cathartics given in the form of Pills or Powders. It must be obvious to every intelligent person. It opens at once immediately and effectually upon the system, and at the same time is infinitely less difficult to administer, being quite agreeable to the taste. It not only produces all the effects where physic is required, but completely removes habitual Costiveness, leaving the bowels perfectly free. It expels all humors from the blood, is a certain cure for the Piles, Regulates the action of the Liver, tones the stomach from Bile, invigorates the whole Nervous System, and removes the cause of all local pains, such as

Rheumatism, Neuralgia, Tic Doloureux, Gout, Pains in the Head, Side, Stomach, &c.

It may also be relied upon in all diseases of the Bowels—DYSENTERY, DIARRHŒA, AND CHOLERA MORBUS, which it cures in a few hours. Again we repeat, TRY IT!—It needs no other recommendation. No family will be without it after they have properly tested its merits. Reader, if you have tried other remedies, without success despair not—relief is now at hand. Are you suffering from Scrofula, suffice it to say of my Liquid Cathartic will cure you. Would you be relieved from habitual Costiveness, three bottles will effect all that you desire. If you are afflicted with Rheumatism, Neuralgia, or other local pains, two bottles will free you from them. All humors will be eradicated from the blood by the use of from one to six bottles. In short, if you require a physic for any purpose, this is the most reliable, safe, and agreeable to the taste that has ever been placed within the reach of the public.

For sale at a Bargain

THE subscriber, wishing to change his business, offers his *Tavern Stand*, (the well known "Mansion House,") and Farm, for sale at a "bargain".

The house is well located and has a good run of business, is new, constructed after the most approved plan, and is thoroughly finished, painted and papered from cellar to attic.

Connected with the house is a good Wood-shed 20 by 70 feet, Stable 36 by 74 feet, Carriage-house 16 by 64 feet, Barn 44 by 84 feet, with shed attached 20 by 60 feet. The above buildings are all new and in perfect order. The House and Stable are supplied by aqueduct from a never failing fountain of pure water.

The Farm consists of 135 acres of good land (100 acres of which is in pasturage and tillage and under a high state of cultivation), cuts from 50 to 60 tons of hay, and has upon it the largest and best orchard in Hancock county.

The Stock and Tools of the place will be sold with it if desired, also, some very desirable lots of Wood Land.

The above offers great inducements to any one wishing to purchase, as it will be disposed of at a great sacrifice.

The Voluntary Testimony of Living Witnesses, is that

Hayes' Allied Ointment,

and Humor Syrup,

IS the BEST MEDICINE ever offered to the public for the Cure of Humors.

It has stood the test of more than seven years, and in offering it to the public we are not ignorant of its operation. We know it to be the greatest ALLEVIATOR of PAIN and SUFFERING to those afflicted with any kind of disease, and nearly one of the greatest blessings to mankind ever before the public. As we can show by the evidence of living witnesses.

Read the following—it speaks for itself

LAWRENCE, June 12, 1854

We, the undersigned, *citizens of Lawrence*, having used the Vegetable Allied Ointment prepared by Dr. L. D. Hayes of this city, and being personally acquainted with the Doctor, feel pleasure in adding our testimony to all the Doctor claims for his medicines. Unlike other remedies in the market, it is strengthening instead of weakening, speedily and with certainty. The Ointment we have used with the most happy result, after vainly seeking relief by the free use of Sarsaparillas, Bitters, ect., ect.

Our experience fully justifies us in confidently recommending it as the antidote, and the only one known to us as performing all it claims.

HARRISON'S

Columbian Tonic Stimulant

WILL cure all diseases caused by prostration of digestive power. Its action is immediate, as a stimulant, to rouse the vital energy to its healthy force, as a tonic, to sustain and perpetuate that force till healthy secretions are restored and natural power returns. It will remove all mild forms of Cholera, Cholera Morbus, Dysentery, Bilious Cholic, Fever, and Fever and Ague, and in connection with *Harrison's Columbian Vegetable Laxative*, will cure the most severe cases of these and other acute diseases in the shortest possible time. The Dyspeptic finds immediate relief, and permanent cure, in its use. For all Bronchial and Pulmonary affections, it has great restorative efficacy.

The alcohol and opium mixtures will find in it a perfect substitute for both these disease engendering and health-destroying articles. It is an exclusively vege able composition, and a pure tonic and stimulant without the slightest diseasing property in its composition or action on the system. The friends of Temperance then will find in it an agent of great potency in their cause, and that the vitiated cravings of a diseased appetite under its use will give place to healthy action and natural desire. It is delicious to the taste, and grateful to the sensibilities of the stomach. It may be taken in its present form, a *rich syrup*, or in water, making a *delightful beverage*. As a daily beverage, its deleteriousness is *neutralized* by any fermented or alcoholic preparation. It prevents as well as cures disease. Its use is applicable in all climates, in all seasons, to all diseases, and in all conditions of life, and from extreme of infancy to extreme of age. Price $1.

HARRISON'S

Columbian Vegetable Emetic

Will withdraw and expel all diseased matter, solid, fluid, or gaseous, from all parts of the system. Besides its emetic properties, it is expectorant, alterative, and anodyne. It acts in each of its modes according to *nature*, relieves the laboring organs of diseased matter, and permits a free action of its natural functions to restore strength. It is the only *safe* and *certain* medicine in all severe forms of Cholera, Cholera Morbus, Bilious Cholic, Dysentery, Pleurisy, and every other acute disease. It has great remedial power in all Chronic diseases. Solicitor of Patents

late Examiner of Patents

Patent Office.

☞During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq. of Boston, did last none at the Patent Office, as Solicitor of Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best and most competent Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and can be capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

JOHN P. HALE.

Mr Editor —Having had the pleasure of hearing this gentleman in Bangor, last Saturday evening, and being struck with his arguments, and the powers of the man, allow me to insert a few comments on him, as a speaker and public man. Mr. Hale occupies, at this time, a distinguished position before the people of the whole country. Much is due to him in arresting the people to the atrocity of the Nebraska bill. He has spoken in New York, New Hampshire and Maine, and although it would appear to a superficial observer, that his labors have been lost here, it will be found, no doubt, that his sentiments so broadly spoken in the Senate, will be seed cast upon good ground, and in the end, be powerful to direct Maine to a right verdict on the great question before the nation, the only one he discussed.

As an orator he has but few equals in the country He wields all the weapons of a successful one with effect. His gifts as a speaker are rare: nature has endowed him bountifully, with many of the qualities of a successful speaker, and such as cannot be acquired. He has genius; his mind is inventive and possesses in a high degree—his power of analysis is quick, ready and comprehensive his language chaste, forcible and copious To pointed wit and satire he added a keen sense of the ridiculous. And above all, he possesses in addition to these high qualities, a judgment to arrange his arguments and all the matter he introduces into his speeches so as to come with telling effect upon the audience. Like a skilful general, he sees at a glance the salient points of his adversary, and brings an overwhelming force to crush him

As a natural orator he has few equals. He has long been a man of mark. Before he left Bowdoin College, in the fall of 1827, he was distinguished as a speaker, and man of great wit. He is now fulfilling the predictions of his early friends, that he would become one of the most distinguished men of the country, if he lived. A look at the man—the size and shape of his head will convince one that he has power. His great speech delivered to the people of Bangor, on Saturday evening last, will long be remembered. He merits on this occasion, with effect, all the great qualities of an orator. Few men could hold such an audience as he had, a mixed multitude of all professions and employments, for nearly one hour and a half, in the open air. Time, I suppose was a great one, and calculated to draw forth the powers of an orator, and he acted nobly as I successfully were they exerted He held his hearers from the dull and hackneyed talk of ordinary men on such occasions, to a higher region of thought and responsibility His appeal was to their higher faculties, to the moral and intellectual—and was right happy contrast with the low demagogical attempts to excite prejudice, so often used as political speeches.

The nation is now writing an important page of its history—we are now settling for all time, whether the black flag of slavery shall wave over the immense region between the Mississippi and the Pacific ocean.—of whether the union of the Republic shall be a banner of freedom to the millions who shall dwell there

In the great struggle in 1844-5 to obtain Texas for slavery, Mr Hale took his stand. He was then a young man, and a member of the House of Representatives from New Hampshire He openly denounced the scheme, as abhorrent to man and offensive to Heaven. All the interests of a politician would have counselled a different course—*acquiescence* The democratic party in New Hampshire were in the ascendant, and likely to be The majority in that State held, to all human appearance, at the time, the destinies of its political leaders in its hand. Hale was denounced, the anathemas of the party were hurled at his head, and while nearly all his associates in the party, who agreed with him in opinion on that question, deserted him and took sides with the enemies of freedom, he boldly face them, and carried the war into their country He appealed from the party to the whole people of the State—a temporary defeat in the contest for re election to the House was the result, to be followed by one of the greatest political and personal triumphs of any man in this country. He canvassed the State, assailed the cowardly and treacherous politicians, such as Burke, Atherton and Pierce, who then controlled the democratic party of that state, and laid before the people the consequences of the struggle then pending before the nation, with such force and conviction, that in one year from his expulsion from the party, he was borne by the people into the U. S. Senate for six years. In that body he was in the advance guard of freedom during his term. Standing alone for a time, in the Senate, as its advocate, he parried the assaults of his enemies, and boldly denounced to the nation the designs of the slave oligarchy, which has so long directed the whole patronage and machinery of the federal government. Mr. Hale commanded the respect of the greatest men in the Senate, who differed with him in his course. as a man as Webster, Clay, and Calhoun, while he was honored with the hate of the Clemenses, Foote, and Toombses and all that race of worthless demagogues which brought disgrace upon that body

Many have admired the resolution of Mr. Clay in 1829, after the defeat of Mr. Adams, as President. He had been Secretary of State under Adams, and returned to Kentucky in 1829, as his opponents thought politically dead. He immediately commenced an open campaign against Gen. Jackson's administration, for its proscription of the best men in the country, its rewards to partizan editors, and the abuse of the federal patronage to partizans of the administration. Kentucky was in the hands of the Jackson party, and had thrown its electoral vote for Gen. Jackson. Mr. Clay opened an opposition to it by addressing Mass Meetings of the people, and appealed with earnest and nervous words, and with all his fascinating power as orator, to his old friends in the State, who had so long admired him as a Statesman, to come to the rescue of the Republic, in its impending dangers, and he dispelled the clouds of prejudice and falsehood by which the people had been misled. The State was swept by the Adams party, and he was sent back to the U. S. Senate as a sentinel of liberty.

He had, in the contest in Kentucky, the great joy of victory in his own great name, in his long, faithful and patriotic service to the State, in her rows and the national councils, and the thousands of admiring friends who had preferred Jackson to Adams, but who preferred him to either. His success was certain and lasting. The State remained with him until his death.

How different was Hale's case,—a young man who had just made a successful entrance into Congress, and had before him, to all appearances, a long and successful career in the national government. He was the favorite of that powerful democratic party in New Hampshire, which was linked with the national democracy by the strongest ties; and he saw plainly enough before him his expulsion from that party. If he faltered in supporting it on the Texas question. He hesitated not for a moment, nor faltered, but breasted the storm of party denunciation and despotism until he rolled back its waves, overwhelming his opponents, and freeing the State for a short period from the rule of its petty tyrants. A greater triumph and a more glorious one, no man in this country has achieved.

The Legislature of New Hampshire has again elected him U. S Senator, in place of Atherton, deceased—*for four years*. John P. Hale stand to-day before the people, one of the most distinguished in the Republic, and worthy of its highest honors. And his position now, in opposition to American slavery, his fidelity to principle, his advocacy of human rights, will give him a place in the history of the nation that will live after the names of such men as Pierce, Atherton, Hall and nearly the whole race of New Hampshire politicians have been lost in the memory of man, and the record of their acts has ceased to be read.

A New and Even less Solar Lamp.

We have lately received one of "Pitman's Patent Solar Lamps," for burning rosin oil, and find it a very beautiful as well as economical and safe article, and a most desirable one for any family

Mr. Pitman claims for it, and we think justly, the following recommendations:

1 That it is the cheapest light known, saving two-thirds at more over the cost of any other light.

2 That it is the most brilliant stationary light in the world for household use

3 That there is no more danger from its use than the use of lamps or whale oil.

4. That it is more easily taken care of than the solar lamp

5 *That there is no more danger of its smoking than of the solar lamp*

6. That it is more congenial to the eye than any other light, it being a yellow light, or *sunlight*, and possessing an unrivalled illuminating power.

7. That it does never gum up the tubes. The oil there is no sediment, and the lamp can be used for years without needing to be cleaned inside.

There is *safety, brilliancy*, and economy in a remarkable degree, combined, they are things grand requisites for a good light.

This lamp is so constructed as to procure equilibrium between the two currents of air—the outside current and the inside current—a device never before applied in the construction of lamps, and *absolutely necessary in a lamp for burning rosin oil* and the same has been patented, and the patent right for States will be sold at a very moderate and reasonable rate. This lamp has not been hastily offered to the public; not until it has been to be so perfected that it will be used and welcomed by the public as a substantial good The lamps with the oil, &c., are for sale in Boston, by Judson & Co.

Mr. S L. Brooks the General Agent will be at the Hat House after Monday next, when the Lamp may be seen burning in the evening Orders may be addressed to Mr. Brooks at No. 1, Water Street, Boston.

Maine State Fair —The First Exhibition of the Maine State Agricultural Society takes place at Gardiner, on Tuesday, Wednesday, Thursday and Friday, the 24th, 25th, 27th and 28th of September. The State Society has just been incorporated and organized, and the friends of Agriculture are sanguine that its operations will be of great benefit to that interest in this State, by the more general dissemination of useful information, the collation and comparison of the best modes of culture and the best methods of rearing stock, the selection, preservation, and preparation of the best kinds of seed, and in various other ways which will readily suggest themselves to practical minds.

We trust the Exhibition may be well attended from all parts of the State. Our railroad connection now formed with the Kennebec will afford a speedy, convenient and pleasant method of travel for agriculturists and others in this region. The route from here to Gardiner is one of the pleasantest in New England, and we doubt not many will embrace this occasion to go over it.

The Right Side of the Story.—The Journal in trying to do away with the gross insult offered to a clergyman of this city, on election night entirely falsifies the matter. It says:

It so happened that the clergyman referred to, got into a street talk with the "prominent liberal politician" and injudiciously used personally provoking language, which called forth the unhand some reparte of "damned political priest." The clergyman also the liberal politician met yesterday, and the former apologized for the language used by him.

The assertion that he "got into a street talk," and that he used provoking language before the insult, is entirely false. The language used towards him was unprovoked, and not till after the insult did the clergyman make any sharp reply.

Thanks to Bryant's Express for papers in advance of the mail.

Piscataquis County.— A Close Shave.

Dover, Sept. 14, 1855.

Messrs. Wheeler & Lynde:

Gentlemen.—Enclosed I send you a statement of vote for Governor in this county, so far as received, by which it appears that Mr. Morrill gains more than 50 votes compared with last year. The vote for Governor as follows Morrill 1340, Wells 1184, Reed 216.

John H. Rice Esq., is elected County Attorney by 40 majority.

Joseph Spaulding (Republican) is elected County Commissioner by some 10 majority.

For County Treasurer Woodbury has 1400, Drinkwater 1414 and is probably elected, (not certain.)

For Senator, Lowell, Dem. has one majority over Elliot with three scattering—no choice probably

Chester Chamberlain, (Republican) is elected Representative in this district by 160 majority. S. Darling, Democrat in Guilford Dist. by 35. John H. Gilman, in Sebec Dist. by 333 majority Samuel Smith Dem. in Parkman Dist. by 231 majority.

The main strength of Parkman, Wellington and Shirley was what defeated us—the eastern part of the county gained largely for Morrill, while the western portion went heavily against us.

Yours truly.

Additional Foreign News by the African at Boston.

The Moniteur contains the following appropriate remarks on the late visit of the Queen of England to the Emperor of the French.

The Queen of England quits our hospitable shores. Her visit will remain as one of the grandest events of this epoch, as abundant in new and memorable facts. Let us salute for the last time, this august Princess, the messenger of concord and peace. Let us salute her, with her young family, the hope of three kingdoms, with her royal spouse, who has so well comprehended the genius, manners and the arts of the French This is not the first time that crowned heads have visited our country. Peter the Great came here to study civilization, to take advantage of it against civilization itself; Joseph II exhausted himself as a philosopher and as a writer, gaiter than a monarch — The one and the other excited curiosity, but not national sympathies, and the nation remained indifferent to the presence of these two travellers, who were not guests The presence of Queen Victoria on the contrary, has excited the French people from Boulogne even to to the capital, and afterwards from the capital to Boulogne, she has received from this excited people a veritable triumph.

Russia.

A Berlin correspondent of the Daily News writes

We are assured in private letters that we can form an idea of the strain of war upon the Russian people during the last six months The enrolment of the new militia of the empire as levy *en masse* has had a terrible effect The organization of this new corps has been pushed forward with a haste which tells volumes on the condition of the regular army. Although the first line of troops which should accompany Prince Gortschakoff a month ago has been withdrawn, it has been necessary to order to the Crimea about 30,000 of the new troops, who can hardly yet have learned their drill 17 Druzhiniers, out of the nominal strength of 1000 men, entered the north camp of Sebastopol amid the singing of bells.

The St Petersburg correspondent of La Presse remarks that the government has formed the imperial Militia instead of ordering a *levée en masse* in consequence of the landed proprietors—Serfs taken for the regular army are bound to serve for 25 years, and surviving that term, become free men Serfs taken for the new militia, are to be restored to their proprietors, if living at the end of the war

The Gazette contains an order in Council prohibiting the exportation of the following articles

Street iron, single iron, rivets, single iron, Lowmoor and Bowling plates, sheet plate iron exceeding a quarter of an inch, and round bars of iron of half an inch in diameter, to any place in Europe north of Dunkirk, and permitting the export of these articles to any other part of the world, upon taking from the persons exporting the same, a bond that they shall be landed and entered at the port of destination

What was Promised Them The commission of the Waldo County Stratouts, on the list of Sept. put forth an address closing as follows:

The Whigs of Maine, believing in the integrity, ability and sound political principles of the Hon. Isaac Reed of Waldoborough, will give him their vote for Governor on the 10th instant

The Whigs of Maine do not expect to elect their candidate for Governor by the people, but they do expect to elect him Governor by Legislature a January next

Per Order of a Committee of Whigs of Waldo County

Sept 1, 1855.

Upon this the State of Maine remarked as follows, before election

Let every Whig read the declaration of principles put forth by the Waldo County Whig Committee, and then judge whether the old party is not *true*.

The Democrats now claim the victory as their own Will they elect a Whig Governor *and Council*, over their own candidate? We shall see.

The Bangor Town—This year in Oldtown in the County of Penobscot Last year there was in that town a majority of 179 votes against Gov Morrill, and the town was represented by a Hunker This year Gov. Morrill has 23 votes over everything, and Aiden B. Ward, Republican, is elected Representative by 18 majority. All honor to Oldtown.—*Portland Advertiser*

Significant —The State of Maine copies the following without comment, into its list of "echoes of the victory "

The natural and proper effect of this election will be to open 100 grog shops in Portland, and 1000 in the State of Maine, as soon as the Legislature shall be organized and proceed to business.

Portsmouth Chronicle.

Coming Down.—We clip the following from the Rochester Democrat It speaks for itself:

Flour Cheaper —As some of the larger millers have put flour down a little, we are authorized to say that Mr M B. Grant, at the Mechanics' Mill on North Water street, will sell flour for family use at $8 per barrel, and will warrant it a good article—as all that comes from his mill always proves to be."

On the 8th, in Chesterville, an affray occurred, growing out of a personal misunderstanding, between two men—Jones Wadsworth and Madison Gordon, both of Chesterville. Gordon wayland Wadsworth, when the latter stabbed the former in the abdomen. At last accounts, the life of the wounded man was despaired of A warrant was out for the arrest of the homicide.—*Augusta Banner.*

The Yellow Fever Reports.

Baltimore, Sept. 13.

The tidings from Norfolk continue of a melancholy nature On Monday the number of deaths officially reported was 56; on Tuesday 53; on Wednesday 45; there were also 50 new cases.

The deaths at Portsmouth were 26, and the new cases 20. There was a great number of new cases among families in the healthy sections in both towns, which have heretofore escaped.

Bradfield.—The Augusta Age gives the vote of this town at 98 instead of 196 as the Argus and Bangor Journal has it. We are half inclined to think that odd hundred was tacked on purposely, so as to figure up an immense loss to Morrill in Bradfield.

The Governor Vote. We shall say abstract to-day, though perhaps but shall give a county complete list tomorrow.

The N. Y. Times Joking about Rachel.—Wishing to gain as much knowledge as possible of the movements of Mademoiselle Rachel in private, and to chronicle all the incidents of her domestic life, we have dispatched an accomplished reporter, who speaks French, to her lodgings, to pick up all the important and interesting items that the most scrutinizing and prying curiosity could compass; and we present below the first installment from the note-book of our industrious and enterprising assistant:

Mademoiselle Rachel at Home.—The great *tragedienne* is more truly great, and more perfectly perfect, in all the beautiful relations of life, even than she is on the stage. We had the happiness to hear the exalted being sneeze as she came down the happy pair of stairs of her lodgings in Clinton Place, and were immediately conscious of a divine effluvia which filled the whole atmosphere, and trembled like an aura over the balustrade upon which she leaned her severely classical and richly jewelled hand for support. Mlle Rachel does not sneeze in French, as some people might imagine, but in a purely Greek manner, such as the lovely and intellectual Aspasia might have done in the presence of Pericles. Mlle Rachel descended the stairs in a majestic and graceful manner by putting one foot before the other, and so stepping down, step by step, as the angel descended Jacob's ladder, or as the Venus of Milo might have done, if she had ever gone down a stair. The robe she wore was as tissue of enchanting loveliness, and we have learned from a source which leaves no doubt of the correctness of the great fact, was purchased at Madame DePompousseed's in *la Rue de Pooenser*, at the low figure of twenty-two francs fifteen cents times. It was edged with the loveliest cotton lace, which was a present from la Marquise de Fusero, one of the most charming ladies in *la belle France*. Mlle Rachel having reached the lower stair, every fold of her exquisite robe assuming a charming and overpowering sense of exquisite perfection, replied in a most condescending and tragic manner, which made the blood rush tumultuously to our heart, to a remark of her *compagnon*, "Oui" We never before imagined that those three vowels could be pronounced with such tragic solemnity — such exquisite beauty—such gushing melody—such trombone-like sonority. It was a moment to be remembered, and we don't believe we shall ever forget it. The great *tragedienne* proceeded to her breakfast parlor to partake of her *dejeuner a la fourchette*, which consisted of three slices of dry toast, an *omelette sur fine herbes*, a cup of *cafe a lait*, into which she put with her graceful fingers two lovely lumps of sugar which sparkled with delight at their happy destiny; there was on the table a small pat of beautiful butter, artistically imprinted with the form of rose, there was, also, a small loaf, but it would require the genius of Branch to describe the sensations with which we saw her reach out her hand and convey a piece of it to her mouth We draw a veil over the other parts of this deeply interesting scene, and will proceed to give an account of Mlle. Rachel's wardrobe, the cost of each article, where it was purchased and several other particulars.

The Times says.— We cannot allow our reporter to go any further." We are satisfied—but we don't see why The Times should be so much more squeamish than other New York apers.

Fatal Accident. We learn that a young man named Dyer Davis, on Thursday last, while at work on a stage in one of our ship yards, fell 29 feet striking his head across a stick of timber, he was taken senseless to the house of Samuel Gallam, and died that night —*Belfast Age.*

Penobscot (Tuesday) We understand that in Dexter and some other towns, the election vote for Treasurer was given to Benj Sweet instead of Benj Swett The number so given is sufficient to change the result, and give a plurality for Mr Funt.

Special Election in Ward 2—The election of a Councilman to fill a vacancy in the Board from Ward 2, is to be on Monday next, the 17th inst, instead of Wednesday the 19th as advertised.

Untrue —The Bangor Journal *repeats* the statement that Mr Morrill is in a minority of 195 in Readfield, and again publishes the falsified vote of that town, giving Wells 100 more than he received

DR. TOWNSEND'S SARSAPARILLA

is of the Season most invaluable as a Restorative and

PURIFIER OF THE BLOOD

It not only creates new, rich, and pure blood, but it will effectually carry off all putrid humors, cleanse the stomach, regulate the bowels, impart a tone and vigor to the whole system, and

KEEP THE BLOOD PURE.

One great recommendation for using this Sarsaparilla is that every bottle of it is manufactured under the direct supervision of

DR. JAMES R. CHILTON,

the most celebrated Chemist and Physician in this country, and his certificate attached to each bottle guarantees that it is "PERFECTLY UNIMPEACHABLE AND WITHOUT MERCURY."

There has never yet been a medicine presented to the public which has so effectually maintained its character for "Purifying the Blood as Dr TOWNSEND'S SARSAPARILLA," and the fact that it has entirely superseded all other preparations claiming the same properties, above speaks volumes in its favor THE BLOOD IS THE LIFE. Only purify the Blood and health must follow.

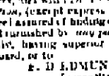
California Steamers,

Carrying the United States Mail.

6th and 20th of each Month.

Reduced Prices	100 lbs Baggage Free

Through Tickets, including transit of the Isthmus, from Delaware R R



By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense*. This is the only line giving entire through tickets, including meals, on the Isthmus

Transit made in *four hours, entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals

Arrangements have now been completed so that the regular U S Pacific Mail steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure and short* passage without any detention on the Isthmus

☞ *Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama*, and Tickets thus signed can be obtained of the *only authorized Agents* for the Atlantic and Pacific Mail Steamship Companies, in Boston. C. L. BARTLETT, Agent,

IMPORTANT PROCLAMATION!

A Great Mystery Explained.

In the year of our Lord 1817, in our capacities of small real chemists, we discovered that by uniting certain vegetable agents, which had never before been used in medicine, we obtained properties possessing such a marvellous quick power over pain, that in the moment it was applied the sufferer ceased to feel pain, all uneasiness and the most torturing pains were relieved, in an instant, and the most violent spasms and irritations were soothed, and the system restored to perfect ease in a few minutes.

In 1849 we introduced this Remedy to the world under the name of

RADWAY'S READY RELIEF

It has been used by hundreds of thousands throughout the United States, giving instant ease to all troubled with Pain or Sickness

On application external, a few drops taken internally, will instantly free the sufferer from the most racking and terrible pains, and restore the weak, feeble, and prostrated frame to strength and vigor.

No person has ever used RADWAY'S READY RELIEF without derriving some special benefit in less than fifteen minutes after its use

Let those who are now suffering any severe pains give it a trial, for in fifteen minutes they will enjoy ease and comfort.

RADWAY'S READY RELIEF

It is no new and untried article, but one that has stood the test of a full years trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant The testimony in its favor given by the most prominent and well known Physicians and individuals in all parts of this country is unsurpassed. The following from our own State is respectfully submitted, referring any who may still doubt, to my "Memorabilia," or Practical Receipt Book for Farmers and Families, to be had gratis of all the Agents for the German Bitters

Principal office and manufactory, 120 Arch st, Philadelphia, Pa.

TESTIMONY FROM MAINE

Capt Daniel Abbott, I took it, Maine, July 10, 1854, aged 64 was taken sick one year ago last April, upon my passage from Havana to Charleston, S C. At the latter place I took medicine and procured a physician but for ten days could not turn no relief, no sleep or appetite At last taken up in a newspaper having your advertisement of "Hoofland's German Bitters" in it, I sent for some immediately This was about 10 o'clock, at 11 o'clock I took the first dose, and slept till 3 o'clock I took the last dose, and slept till 8 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man.—I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since I have never stopped going to sea and reside in this place, where you should have an agency, as you could sell large quantities of it

Jos B Hall & Co, Presque Isle, Aroostook Co, Maine, April 24, 1854, say "We feel bound to send you a cell testimonial of the benefit we have derived from the use of the German Bitters We think *only one bottle* of the German Bitters Mr Clark to be a man of veracity, and have no doubt of the truth of his story

Messrs Jos B Hall & Co—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters, I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and soon after taking *only one* bottle, she is enjoying better health than she has for years—she feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the Bitters.

WILLIAM CLARK.

Salmon Brook, Aroostook Co, Me.

You should bear in mind that these Bitters are *entirely vegetable*, thereby possessing advantages over most of the preparations recommended for similar diseases.

DR. J. F. SCHENCK'S

SEA WEED TONIC,

—FOR THE—

Cure of Dyspepsia.

THIS remedy is composed of a compound preparation of a common weed growing along the sea shore, and is a certain remedy for the cure of Dyspepsia and its accompanying diseases, to wit

Sour and Sad Stomach, Loss of Appetite, Headache, Pain in the Side and Breast, Palpitation of the Heart, Costiveness and Dryness of all Kinds, Chills and Fever, Jaundice, and Diseases of the Kidneys, Nervousness, Dizziness of the Head, Feeling Spells, and all diseases peculiar to Females

Nearly every person is more or less afflicted with Dyspepsia, or some of the diseases connected with it, and it is with feelings of pleasure that Dr Schenck can announce to all such Dyspeptics of the virtues of the Sea Weed, which is just the remedy for their ailments Dyspepsia and the many diseases arising from it, are caused by the deficient secretion of the gastric juices, and weakness of the powers of the stomach The effect of the Sea Weed Tonic is felt soon after its taken, as it supplies at once the principles of the deficient gastric juice, and the food is digested naturally, in fact the Tonic so nearly resembles the natural gastric juice that chemists even find difficulty in distinguishing them It gives tone and strengthens the stomach, thus enabling it to secrete the proper quality and quantity of Gastric juice, and digest the food, and all the diseases soon disappear

It is a well known fact that none suffer like the Dyspeptic, for in addition to the Dyspepsia there is often either Headache, Sour and Sick Stomach, Pain in the Side, Palpitation of the Heart Chills and Fever, Gravel, Disease of the Kidneys, Nervous Weakness and Tremors, General Debility, Dullness, Loss of Appetite, Bad Taste, Fever, Stoppages in Females, all or each of them arising from a disordered state of the Stomach, and there is now a well discovered *remedy*, for the trifling sum of a dollar, that will cure all this train of disease

Now, Dyspeptic, will you not avail yourself of this remedy for so trifling a cost? or will you still suffer pain? The chance is for you to choose The Sea Weed Tonic is a pleasant bitters, giving a person a good appetite and good digestion is put up in quart bottle, always agrees with the stomach and *one bottle generally effects a cure* We cover the vials are corked, the compound, for the convenience of children, is a few of Schenck's Mandrake or Liver Pills are to be used. A box of these Pills accompany each bottle of this Tonic, and will be found in a recess of the bottle, covered with label

SCHENCK'S MANDRAKE PILLS

WILL be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver and yet so mild as to cause no fear of their use. Indeed, it is no dreamy discovery in Medical Science, to have once tried a remedy for these stubborn complaints, which develope all the results produced by a hereditary free use of calomel—a name of awfully dread with mankind—and acknowledged to be destructive in the extreme to the human system That the properties of certain vegetables comprise all the virtues of calomel, without its injurious tendencies, is now an admitted fact, established by scientific researches, and times who use the Mandrake Pill, will be fully satisfied that the best medicines are those provided by nature in the common roots and herbs of the fields

The Pills open the bowels and correct all bilious derangements without salivation, or any of the injurious effects of calomel or other poisons The secretion of bile is promoted by these Pills, as will be seen by the altered color of the stools, and the appearing of the sallow complexion and cleansing of the tongue

A ample directions for use accompany each box of Pills, and the price of a quart bottle of the Sea Weed Tonic and box of Pills combined is only one dollar But separate boxes of Pills can be had of any of the agents for 25 cents.

These medicines are prepared under the personal supervision of Dr J. H. Schenck, proprietor of Schenck's Pulmonic Syrup, the well established remedy for Consumption, Bronchitis, Coughs, Colds, &c, &c, and the inventor of the celebrated Respirometer, for examining and detecting all diseases of the Lungs, Heart, &c

SCHENCK'S PULMONIC SYRUP,

For the Cure of Consumption.

THE proprietor of this medicine was himself, many years ago, reduced so low as to give up by his physicians and friends, in the last stage of Consumption When all his powers of getting well had fled, he was strongly recommended to use a Syrup made from an old Indian receipt, which succeeded in effectually curing him The gentleman referred to is one of the first men in Philadelphia, and is well known and respected. Soon after this cure, the Pulmonic Syrup obtained a reputation never equalled in that section of the country. Gradually, at this date, it has a sensation second to that only of a miracle, Dr Schenck was sought out by many similarly afflicted to whom he administered the syrup with the same beneficial results In fact, such was the notoriety of this medicine, that prominent physicians had their attention drawn toward the source, reputation of Dr Schenck, and introduced the medicine to the public and used it in their daily practice

No other medicine ever invented has the power of the Pulmonic Syrup does It produces a healthy action upon the morbid parts by purifying them from disease, it promotes the expectoration, allays the cough, clears the matter on the lungs, and when all is cleared, it heals the sores, that the breaking of the tubercles or abscess produces, and the lungs become sound and resume the performance of their natural functions, it also soothes the irritated portion of the lungs and other organs, and thus restores them to health A superior property the medicine possesses over all others is that it contains no opium, calomel or any other deleterious medicine

In 1851 Dr Schenck removed from Philadelphia to New Jersey, and in Philadelphia, and continued the practice of his profession where he soon acquired a reputation excelled by none, in curing a disease that had heretofore been deemed incurable and he has since their daily presented to the world incontestable evidence of the fact

Both of his parents died with Consumption, which appears to have been an hereditary disease with his father's family All his brothers and sisters except one died early of this disease none of them, but the one brother, reaching the age of twenty

Thus left nearly the last of his family he naturally felt some alarm, as one after another were consigned to the silent tomb to this fell destroyer

VOLUNTARY TESTIMONY.

We, the subscribers, residents of Hennniston do hereby certify that we are well acquainted with Dr J H Schenck, Jr, and his Pulmonic Syrup which as we believe, terminated in Pulmonary Consumption, under the operation of which he was reduced so low as to be unable to leave his bed for a long time, and to all appearance was past recovery He is now perfectly well—no cough nor fever have left him, and we feel pleased in declaring it as our belief that these salutary effects have resulted from the use of the Pulmonic Syrup
